

Michail Danampasis

Senior Software Engineer

Athens, Greece

info@michalis.dev

michalis.dev • github.com/Danampasis

Senior software engineer who has scaled a consumer platform to 400K+ users and led a group-wide intranet replacement across enterprise stakeholders, vendors, and legacy systems.

Builds the case, aligns the room, and ships, translating technical strategy into measurable business outcomes.

CORE STRENGTHS

Leadership

Team leadership, cross-functional coordination, technical direction-setting

Operations

Compliance & risk (GDPR), reliability at scale, process redesign

Technical Fluency

Full-stack development, system architecture and design at enterprise scale, cloud infrastructure, CI/CD pipelines, security and QA governance

Stakeholder Management

Executive reporting, vendor coordination, CIO-level alignment

Program Delivery

Enterprise platform launches, legacy-system replacement, vendor RFPs

Languages

Greek (native), English (fluent, Cambridge CAE)

EXPERIENCE

Senior Software Engineer, METLEN Energy & Metals

2025 – Present

Solution Architect / Platform Owner · Paiania, Greece

- Own strategy and roadmap for three enterprise platforms (Protergia, SellSite/Alhellas, PULSAR), reporting through the IT Enterprise Platforms Director to the CIO.
- Led PULSAR, a company-wide intranet replacing SharePoint, coordinating external vendors through architecture decisions to full company launch.
- Application Owner of the Protergia App, the group's consumer energy app serving ~405K users.
- Ran a full diagnostic of a legacy platform (SellSite/Alhellas), producing the business case and handoff plan used to scope its rebuild.
- Built the case for and drove org-wide adoption of GitHub Enterprise Cloud and Copilot Enterprise across engineering.

Team Lead / Full-Stack Engineer, TMS

Sep 2022 – 2025

Tailor-Made Medical Software · Athens, Greece

- Led a team of 3 delivering SaaS products used in 100+ private practices across Greece, owning roadmap and hiring input.

- Directed a green-field platform rebuild that now processes ~1M patient records/month at 99.98% uptime.
- Redesigned the release process end to end, cutting release time from 2 days to 2 hours and rollbacks by 80%, freeing the team to ship more with the same headcount.
- Led a compliance program (GDPR) to close audit gaps ahead of schedule.

Web Application Developer, HNDGS

2021 - 2022

Hellenic National Defence General Staff · Military Service

- Built and delivered a national healthcare-outreach tool used by military doctors to manage patient records in remote field conditions.
- Recognized with official HNDGS certification for contribution to the program's technology infrastructure.

Software Engineering Intern, DS Innovative Solutions

Jun - Nov 2020

Athens, Greece

- Delivered backend features for a car-sharing platform as part of a fast-moving early-stage team.

EDUCATION

B.Sc. Computing Engineering, University of Thessaly, Lamia

2016 - 2021 · GPA 7.05/10

Thesis: "Intelligent Algorithms & Neural Networks for Driver-Behaviour Prediction"

Engineering Foundation Programme, Cardiff University, Wales

2013 - 2015

ENTREPRENEURIAL & INDEPENDENT PROJECTS

- **BeBalance.ae** (2021–2024): Built and ran the e-commerce site for a UAE-based wellness brand, end to end.
- **Boutique Hotel & Travel Sites** (2021): Independent client work for a hospitality group spanning Chrysalis Boutique Hotel, Elementi Travel (travel agency), and Ducato di Astypalea (restaurant).
- **Rainbow Six Greece** (2017–2026): Founded and led a 2,000+ member gaming community, building its tooling and collaborating directly with Ubisoft.
- **Italoellenica Conference Site** (2019): Delivered the microsite for the National and Kapodistrian University of Athens' international language & translation symposium.

LEADERSHIP & COMMUNITY

- Delegate, Model United Nations conferences (2010–2012)
- Volunteer, Athens Half-Marathon & European Taekwondo Club Championship (2013)
- Ongoing professional development: ATHENA 2025 (Crisis Management), DevOps Conference Athens 2024, Voxxed Days Athens 2019
